### Comment

Jawad Munir har bedömts vara en B-uppfinnare enligt avtalet mellan Svenskt Näringsliv och PTK angående rätten till arbetstagares uppfinningar (2015-07-02) och Scania önskar överta hela rätten till uppfinningen.

Jawad Munir is considered to be a "B-inventor" (B-uppfinnare) according to the Agreement between the Confederation of Swedish Enterprises (Svenskt Näringsliv) and the Council for Negotiation and Cooperation (PTK) on Employer's rights to inventions made by employees (Uppfinnaravtalet; 2015-07-02). Scania hereby claims all rights to this invention in accordance with this agreement.
